What's New

KARO ECHO Monthly Meeting, May 11th, 1900 — **ONLINE VIA ZOOM**

With the continued Covid-19 shelter in place order, the monthly KARO ECHO meeting will be held using the Zoom online meeting app, at the usual time, 1900, Monday May 11. Look for the link to join in a KARO ECHO email from Howdy KE6BEE. The agenda will include a continuation of our discussion of increasing local FRS/GMRS neighborhood nets and connections to a ham operator hubs.

Introductory radio use class fo BTECH-V1, 5/23 0900-1000

On Saturday May 23 from 9-10am, Jay KJ6WSS and Karen KK6ZPM will be teaching an introductory class specific to the GMRS radio BTECH-V1 for those new to radio communication and can use instruction regarding that particular radio. To receive information about how to join this Zoom online meeting contact: karenleongfenton@gmail.com

Thursday 5/14 net includes an exercise to switch to the 4C's repeater

Karen KK6ZPM will be net control for the Thursday 5/14 net and has asked operators to be prepared to switch frequency (after the initial check-in on 146.415) to the [Contra Costa Communications Club \(4Cs\) WA6KQB](#) 440 repeater, 444.275 (+) 82.5Hz Please program your radio ahead of Thursday to participate in this exercise.

Encouragement to monitor 146.415 and explore other nets

During the current shelter in place, with time spent at home, it is a good opportunity to use your radio and monitor 146.415 (call out for others occasionally and make some casual contacts).

There are a lot of other nets around the bay area that you can reach. Expand your radio horizons. See the [KARO ECHO Coordination page](#) for a listing of some other nets to explore. You can just listen at first, or program your radio (if a repeater is used) and try transmitting as a guest check-in to see if you can make contact.

LOCAL NETS**KARO ECHO NET**

What's New *(continued)*

KARO ECHO SET, March 14th

The March 14th SET was a great success and we appreciate the 20 operators who participated, particularly those who shared the roles of net control and EOC operator. There have been some discussions of lessons learned in the exercise, now Don NI6A wrote a post exercise critique of the March 14th SET ([link to the document on the website](#)). A summary of the topics he addresses include:

- Consistent FCC call usage
- Mechanics of moving of freq. and specifying message precedence
- Missing core elements on some ICS-213 messages (Date/Time, From)
- Use specific fill requests rather than repeating entire messages

Thanks to Don for writing up this summary document regarding the exercise.

Welcome New Hams

New El Cerrito licenses issued: none in past month

New Kensington licenses issued: none in past month

Important! - Membership Renewals are Due

It is never too late to renew your KARO ECHO membership dues, if you haven't already done so. You can pay Treasurer Larry KK6GIO at the Monday meeting or mail to P.O. Box 2025, El Cerrito, CA, 94530-3651. \$30 for individual membership, or \$40 for family membership. Thanks.

Activities

Weekly Net Control Rotation

Thanks go out to the volunteer stations who have been taking turns as Net Control Stations (NCS) each Thursday. This rotation has been working very well and everyone has been doing a great job. The regular NCS roster has 9 operators. There are opportunities for others to fill in when a regular station has a scheduling conflict and there is always room to add more stations to the rotation. [Download the new Net Script for NCS operators.](#)

Below are the current scheduled dates for each operator. The [KARO ECHO google calendar](#) also has these assignments and can be found at the bottom of the events page. Add to your electronic calendar By pressing the "+GoogleCalendar" button in the lower right.

Net control is a skill that many operators should have and regularly practice. Please contact Howdy ke6bee@arrl.net if you are interested in taking a net control assignment.

Thursday Net Training Exercises

Following the net check-ins every Thursday at 1900 on 146.415, KARO ECHO usually runs a training exercise to learn and practice skills that are important for successful disaster communications.

Karen KK6ZPM will be net control for the Thursday 5/14 net and has asked operators to be prepared to switch frequency (after the initial check-in on 146.415) to the [Contra Costa Communications Club \(4Cs\) WA6KQB](#) 440 repeater, 444.275 (+) 82.5Hz. Please program your radio ahead of Thursday to participate.

[A list of potential training exercises](#) is posted and maintained on the training page of the website.

Our weekly net check-ins counts for 2020 are up strongly. Over the last 10 nets we have averaged 22 participants and three of those nets had 24 check-ins. In past years we averaged 14-15/week. Overall, it is great to see that more operators are active. Thanks for your participation. Keep it up!

About KARO ECHO

KARO ECHO is the name of the Kensington Amateur Radio Operators and the El Cerrito Ham Operators mutual benefit association, an all-volunteer non-profit group of amateur radio operators providing auxiliary communications for the cities of Kensington and El Cerrito in the event of a disaster. KARO ECHO works with CERT (Community Emergency Response Teams) in Kensington and El Cerrito, but is not an official part of the CERT program.

Monthly in-person meetings of KARO ECHO are on the 2nd Monday of each month at 7:00 pm at the Arlington Park Clubhouse, 1120 Arlington Blvd, El Cerrito, CA. The next meetings are:

- ♦ May 11th, 2020
- ♦ June 8th, 2020

Yearly membership dues are \$30/year for individuals, \$40/year for a family membership. Payments can be given to the Treasurer at monthly meetings or mailed to the address below. Participation is welcome independent of paid membership, but only licensed amateur radio operators who are dues paying KARO ECHO members will be allowed to vote on KARO ECHO business. Dues cover our 510c3 registration, post office box, web page, station operating manuals and more. Your input on useful expenditures to aid emergency communications is welcome.

Mail to: KARO ECHO, PO Box 2025, 6324 Fairmont Ave, El Cerrito, CA 94530-3651

KARO ECHO Facebook

The [KARO ECHO Group on Facebook](https://www.facebook.com/groups/1451216838315743/) has a lot of good information, more than is contained on our website. There is a whole wide world of emergency communications information at <https://www.facebook.com/groups/1451216838315743/>. Check it out and be inspired of what we can do to help disaster victims in our community.

Weekly Training Net

The Karo-Echo Weekly Training Net meets every Thursday evening immediately after the West Co Co County RACES/ACS Net; but not before 1900 on 146.415 MHz Simplex. Details at <https://www.karoecho.net/events>

KARO-ECHO Frequencies

The KARO ECHO primary frequency is 146.415 MHz simplex. Our secondary frequency is 146.475 MHz simplex, creating a 60 KHz spread between operating frequencies that will reduced adjacent frequency de-sensing.
